

With God We Grow

Letter 11 – Tuesday 19th January 202

Dear Children

Well, it has been a very rainy day today, so you might have been stuck indoors all day. I hope you have enjoyed your learning, whether you have been in school or at home.

Our Reception children have been busy retelling the Little Red Hen story with actions. Mrs Govier has had lots of photographs and videos from the children at home too, joining in with the story and creating their own actions. They have really all enjoyed it! I wonder if you have a favourite traditional tale?

I was chatting to some of the Junior children in school recently – they were telling me that they were missing the clubs they normally attend outside of school like football, rugby, dancing, boxing and swimming. It can be really hard when you are missing something – but it can also give you a chance to try new hobbies. Some of you have also been able to carry on meeting with groups on Zoom or other virtual platforms, which is great. I know Finley and Jude have been missing their BMX racing. Their BMX track has been closed during lockdown but they have been mountain biking instead – taking their dad on crazy adventures! You're looking very muddy there boys – I wonder if dad gets as muddy as you!

This morning I recorded a worship time about the gift of faith, and how we can always have faith that God will keep his promises and will always stay by us, which can be good to remember when we are having a tough day.

When I was little, I learnt this prayer that reminds me to keep my faith – you might like to learn it too.

*My Boat is small
And wide the sea,
But I sail safely
For God steers me. Amen*

Bye for now, take care, Mrs Bashora
