

With God We Grow

Letter 13 – Thursday 21st January 2021

Dear Children

Oh my goodness – what a lot of rain! At school we have had to have a leak in the Infant roof fixed, a leak in the Junior roof fixed and some drains unblocked as we were getting a flood!

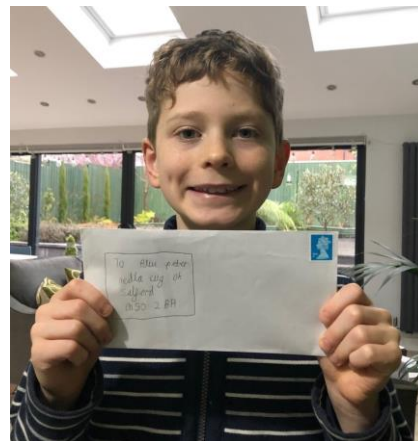

I wonder if many of you tried the 'Grow a Rainbow' experiment? Louis did, and he had great results! He went on to make some of his own printing patterns too. Well done Louis! I think I'll try the experiment at home myself.

How many of you watch Blue Peter on television? It's a great children's programme. I used to watch it when I was young and so did my Mum when she was a girl and she is 70 years old now! There are lots of different ways to earn a Blue Peter badge.

Ethan has written to Blue Peter this week to apply for a green badge. He's been litter picking in the woods, with his brother, for the last few months. Well done Ethan!

Send us a photo of your badge when it arrives!

Maybe you could work towards achieving a badge over lockdown. There are lots of different ones. Follow this link to the Blue Peter website if you are interested in earning one.

I like the look of the Music badge - it is a very special badge, designed by superstar Ed Sheeran. It's awarded to those who show off their passion for music by learning a new instrument or being part of a musical performance.

Maybe, after lockdown, a whole class could work towards a badge. I know a school where Year 4 did that, earning a Green badge each and they were invited onto the programme and appeared on television!

Bye for now, take care, Mrs Bashora
