

With God We Grow

Letter 35 – Monday 1st March 2021

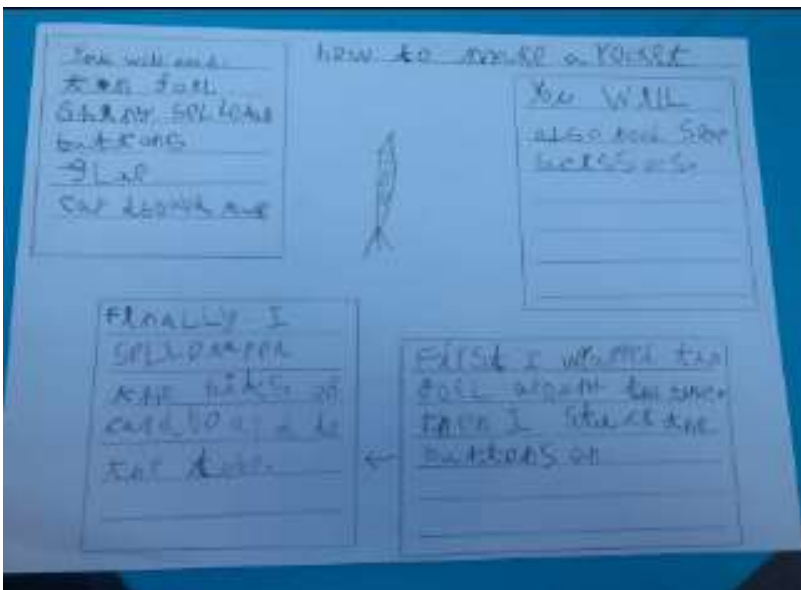

Dear Children

What lovely weather we had this weekend. I hope you got out to enjoy the sunshine. We went for a lovely walk on Saturday – and didn't get lost! On Sunday we went for a long bike ride. My leg muscles were sore afterwards. I think I need to build up my strength with more practise!

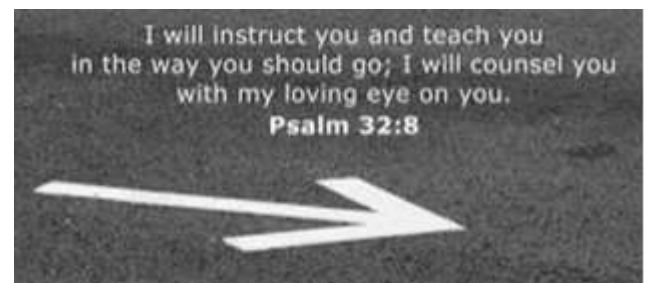

So, this is our last week of remote learning! Only five days left. Let's have one last push to do our best home learning. Zara certainly worked hard in her home last week.

She produced some incredible English work. First, she wrote a fantastic set of clear instructions. Then she followed them to make an amazing rocket!

Well done Zara! Why don't you try following Zara's instructions to make your own rocket?

I tried to follow the instructions in my bread making recipe. It was going very well – Alice made a sourdough loaf and I made a cheese and onion one. We left them to rise on a very low heat and they doubled in size. But, when we put them in to bake we forgot to set the timer. We both went off to do other things and when we came back they were over baked – not quite burnt – but very hard crusts! We'll have to try again on another day.

Take care and bye for now,
love from Mrs Bashora
